

# Welcome to Neill Hall

Neill Hall is named after the Neill family farm, a Fredericton landmark, that was passed down for four generations. Located at 610 Cliffe Street on Fredericton's North side, Neill Hall will open mid-August 2020 and be home to 60 new residents who will be cared for by more than 70 team members.

Featuring an innovative Main Street concept, Neill Hall is a completely secure building where residents live in smaller neighbourhood settings to instill a sense of community and closeness.

## 1 Neighbourhoods

There are four neighbourhoods with each 15 suites at Neill Hall. Each one has its own nursing station, secure outdoor space, dining and living room spaces and personal laundry facilities.

Every resident room is furnished and has safety call devices in place which are monitored 24-hours-a-day. Residents are welcome to personalize their room as well as their curio cabinet which is located next to each doorway.

Every neighbourhood is named after local geographical sites, as suggested by current residents of Parkland Fredericton and other community stakeholders from the Fredericton area.
